My name is Shaun Pearce, I am a skilled front-end web developer with a creative flair who is first and foremost a determined hard worker. I am primarily friendly with a passion for web design and development. I am a proactive and enthusiastic Computer Science and Business graduate who has gained valuable experience working in various technical roles as well as creating my own business ventures including a service building large scale websites for Irish companies.

EDUCATION

Trinity College Dublin, *2011-2015*   **St. Gerards School,** *2005-2011*

- *B.A. Computer Science & Business: II.I*

WORK EXPERIENCE

Freelance Web Design and Development   May 2015 – To Date

- **Responsibilities**: Design and develop websites for various businesses, from a renowned established eye clinic to a meal ordering service start-up. All projects can be viewed in the portfolio section of my personal website at [www.shaunpearce.ie.](www.shaunpearce.ie)
- **Outcomes:** Doing freelance work for various companies has given me valuable experience working with and for clients, furthering my interpersonal skills as well as my organisational skills to meet strict deadlines.

Vodafone Global Enterprise, (HQ Newbury, UK)   Summer 2014 & 2015
Student Intern

- **Responsibilities**: Develop an interactive website for one of Vodafone's new propositions to be used internally by sales and externally by customers (www.shaunpearce.ie/vodafone) . As well as created a prototype app which was crucial in demonstrating the potential of the project and ultimately led to the release of £100K + funding to develop the operational version.
- **Outcomes:** I learnt how to distil complex product detail into easy to understand description and transform it into a website.
- **Responsibilities**: Carry out a data cleanse project, using technologies such as Salesforce, Eloqua and other CRM tools to re-organize and increase efficiency amongst the sales team.
- **Outcomes:** Gained experience working with company wide solutions and customer relationship management tools.

Backup Marketing   Sep 2013 – June 2014
Brand Ambassador

- **Responsibilities**: Represent client's brands and promote their products by interacting with potential Customers.
- **Outcomes**: Further developed communication skills.

Hollister   Aug 2011 – Apr 2013
Stock Associate and Overnight Staff

- **Responsibilities**: Ensure sufficient stock was on the shop floor and interact with and attend to customers.
- **Outcomes**: Gained experience in customer service.

ACTIVITIES, INTERESTS & SELF STARTERS

Enactus TCD (Society)
Digital Engineer and Committee Member

- **Responsibilities:** Design and create a website for the Society (www.enactustcd.org)
- **Responsibilities:** Contribute towards the generation of new project ideas as well as help with the day to day running of the society.

Shaun's iPhone Repair
Business Owner

- **Background:** A business I created in 2010, which repairs iPhones (www.shaunsiphonerepair.com).
- **Responsibilities:** Run the business and deal with customers.

BookDealer.ie
Business Owner

- **Background:** A classified ads website currently under construction, aimed to assist college students in the buying and selling of second hand college books (www.bookdealer.ie). Got to the final of Trinity Dragons Den competition, which required pitching the idea to a panel of renowned business figures and an audience of 300+.
- **Responsibilities:** Design and develop the website as well as the accompanying mobile Application.

SKILLS

- **Programming Languages:** HTML, CSS, Javascript, jQuery, PHP, MySQL, Java, C++, C.
- **Frameworks:** Bootstrap, AngularJS
- **Content Management Systems:** Wordpress, Perch CMS.
